There will be a Community in Conversation event in the Spring. Prior to that time, there will be an email with answers from last year’s questions. Look out for it.

**Student Concerns**

**Sylvia Bull – Re: Library Committee**

If you have suggestions regarding the library hours… Please fill out survey.
Be very specific about which hours you would use the most. If you want to see a change in the Library hours, please fill out this survey.

Kendra - what is happening with the land by CRW. There is a safety concern if the land will be sold? (to be discussed once Dean White gets more information)

Dean White - Brenda do you have the message for graduating seniors?

Brenda - As a follow up to last SGA’s meeting, and in relationship to Senior week events, I had a conversation with Dean White about the Baccalaureate Service and why it is not scheduled. He and the executive council have good news to share about a substitution. He is here to present. Seniors who have input please direct it to Dean White. Dean White, thanks for being here to provide an update.

**Dean White**

There will not be a Baccalaureate Ceremony after graduation. There will be in place a worship service put together by the Student Life Department. We will try to start a new tradition that will be more fun. Following the worship service, there will be a reception at the President’s home. We are looking for input. People can sit with their family. This has worked at other schools… The Lord will be glorified!

Sabrina - There was talk about Tiger Transit

Grace - It is too expensive to have Tiger Transit on weekend. I would like to see a ride shares. Let’s continue that discussion.

Kendra - Do we have vans?

Dean White - If there can be some rides available. I can talk to people in charge of those departments. I will get back to you on this.

Kendra/Grace - Student drivers in seminary vans. Let’s continue this discussion.
